

Combination preparation tool, crank version for all CELLFLEX® and RADIAFLEX® 1-1/4" and 1-5/8" cables.

Special trimming tool makes the connector attachment easier. No further tools are required to prepare the cable for the connector attachment. This is due to the unique design of the trimming tool, which combines all necessary functions in one tool. It can be used for all CELLFLEX® and RADIAFLEX® 1-1/4" and 1-5/8" cables.

TRIM-114-C12

FEATURES / BENEFITS

- ➔ **Precision cable preparation tool**
Always exact and repeatable trimming dimensions
- ➔ **Intuitive use of tool**
Easy and precise preparation of cables for connector installation
- ➔ **Long-lasting cutting blades**
Easy to clean, smooth dielectric surface improves IM performance
- ➔ **Battery drill drive compatible**
Increased preparation speed
